Subject: RE: Petition of SCE&G for rate Increases for Nuclear base load generation facility Jenkinsville, SC Docket no. 2012-203-E

Dear Mr. Matthews:

This is to acknowledge receipt of your email. Your email will be posted to Docket No.2012-203-E.

In March 2004 the General Assembly enacted legislation which created the Office of Regulatory Staff. As a result of that legislation, effective January of 2005 the Public Service Commission took on an exclusively quasi-judicial role. All resources for the investigation and resolution of consumer inquiries and complaints were assigned to the Office of Regulatory Staff.

I am forwarding your email to the Office of Regulatory Staff for handling.

You may contact the South Carolina Office of Regulatory Staff by phone at 803-737-0800. You may also visit their website at <http://www.regulatorystaff.sc.gov>.

With this email, I am serving the parties of Docket No. 2012-203-E with a copy of your email.

Please let me know if you should require any additional information.

Sincerely,
Deborah Easterling
803-896-5133

Subject: Petition of SCE&G for rate Increases for Nuclear base load generation facility Jenkinsville, SC Docket no. 2012-203-E

To whom it may concern:

I plan to attend the Tuesday 6pm Oct. 2nd meeting regarding this docket.

I would like to know where to get information of exactly where SCE&G is with the building of these 2 new reactors in Jenkinsville, SC. The detail I am requesting is as follows:

How much, in dollars and cents, have Federal Government loan and or subsidies already been approved for these 2 new nuclear reactors ?

How much, in dollars and cents, of these Federal loans or subsidies has already been used or spent ?

How much, in dollars and cents, of these Federal loans or subsidies has already been paid back ?

What is the percentage of completion of the 2 new nuclear sites in Jenkinsville ?

What will happen to the already existing Reactor in Jenkinsville ?

What will happen if the rate increase request is denied ?

I would appreciate having all of this information before the Oct 2nd meeting.

Thank you
